To Whom It May Concern:

Colorado Sales tax exemption numbers are not assigned to, nor are certificates typed for each office and agency of government, whether federal, state or local.

To protect the vendor, prevent misuse and cover the large governmental body that exists, the statute and regulation permits a Colorado vendor to make a tax exempt sale to a governmental agency only when the purchase is on a prescribed government form or purchase order and payment made directly to the seller by warrant, government credit card or check drawn on governmental funds.

Exemption number 98-03578 has been assigned for United States Air Force Academy government accounting control purposes and is to be used only by authorized persons within the confines of the statute and regulation. There is no expiration on this tax exemption number or this letter.

If you require further information, please call the Government Purchase Card (GPC) Program Office at (719) 333-4683 or fax at (719) 333-4404. Thank you for your interest in procurements at the United States Air Force Academy.
